Dear Valued Customers,

Please note that AERISTO continues to operate throughout these difficult times, operating a skeleton crew to ensure our customers receive proper service to the best extent possible.

While we will try to answer all phone calls, please be sure to email us so our team does not miss any inquiries or requests you may have.

Leather production is to resume in Italy starting in May. In the meantime please remember that AERISTO carries one of the world's largest inventories of leathers specifically made for aviation – ready to ship as soon as order placement. To learn more about articles, colors and stock levels please reach out to our customer service team who will be happy to assist you.
